If Contractor delivers Solid Waste to a landfill which does not collect the County Tipping Fee Surcharge and Waste Management Program Fund Fee, Contractor will make, on a monthly basis, the equivalent payment directly to the County's Waste Management Tipping Fee - AB 939 Trust Fund #0159 and Waste Management Tipping Fee Trust - Site Fund # 0160.

5.7.6 Payment of the equivalent fees shall be made to County within thirty (30) days after the end of each calendar month, or prorated portion thereof, in which Contractor delivers

waste to an alternate facility. In the event that Payment is not received by County within thirty (30) days after the date specified, then Contractor shall pay a penalty of ten percent (10%) on the outstanding balance, and Contractor shall also pay to County interest on the outstanding balance at a rate of ten percent (10%) per annum, or the maximum legal rate of interest, whichever is greater, from the date of Contractor's failure to pay.

5.7.7 As of March 1, 2007, the Tipping Fee Surcharge for Fund # 0159 is \$3.00 per ton and the Waste Management Program Fund Fee for Fund # 0160 is \$0.40 per ton. Customers desiring more frequent cleaning may arrange additional cleaning with Contractor at a rate established by District, including pick-up, cleaning, and replacement of dumpster.

5.9 Clean-Up Days.

5.9.1 At least twice per year throughout the term of this Agreement, Contractor shall provide, in addition to regularly scheduled service, two clean-up events pursuant to guidelines established by Contractor and approved by District, for Solid Waste placed at the curb by single family dwelling units and at pre arranged locations for multi-family residential properties in addition to each customer's normal collection service. 5.9.2 **Contractor** shall record by class and weight (in tons) the Solid Waste, white goods, etc., collected during the clean-up events. Contractor shall record the kinds and weights (in tons) of Solid Waste diverted during these clean-ups from the landfill through Recycling, reuse, transformation or other means of diversion.

5.10 Solid Waste and Recycling Service in Public Areas. Any increase in rates resulting from requested free service shall not be included when calculating the change in rate compared to the change in the CPI. During any calendar year, District can not request additional free service that would result in the aggregate value of all free service provided by Contractor to District in such calendar year to exceed Six Thousand Dollars (\$6,000).

5.11 Material Processing

5.11.1 Receipt of Recyclable Material Including Greenwaste. Contractor shall have in place or have made arrangements for a Materials Recovery Facility or Facilities to receive and accept all deliveries of Recyclable Materials and Greenwaste generated in District.

Contractor shall immediately notify District of any notice of breach or default received from Materials Recovery Facility.

5.11.3 Alternative Processing Facility. If Contractor becomes unable to deliver District's Recyclable Materials to the Materials Recovery Facility due to causes within its control and which could have been avoided by the exercise of due care, Contractor shall arrange for it to be accepted at another Materials Recovery Facility, in which case Contractor shall pay for any increased transportation costs, any differences in the fees charged at such Materials Recovery Facility and the fees then in effect under this Agreement. If Contractor's inability to deliver District's Recyclable Materials to the Materials Recovery Facility is not due to causes within its control or which could have been avoided by the exercise of due care, then Contractor shall propose alternative Material Recovery Facilities including all related costs and District shall, after conducting reasonable due diligence with regard to such alternative facility, have the right to approve the alternative to be used. District shall pay for the increased cost of using an alternative facility.

5.11.4 Disposition of Unauthorized Waste. It is understood that Contractor is not authorized and is not required hereunder to collect and transport Hazardous Waste or restricted or other waste that is not acceptable or permitted for disposal at a transfer station, Material Recovery Facility, or disposal site. In addition, Contractor shall not be required to collect containers that are not set out or filled in accordance with, or do not meet Contractor's collection requirements. Regardless of the reason, when any Solid Waste, Recyclable Material or other material is not collected by Contractor, Contractor shall leave a tag on the material stating the reasons for Contractor's refusal to collect the same. Adequate records of the tags shall be maintained by Contractor and shall be available to District for inspection upon reasonable notice during business hours. If Contractor observes any substances which it or its employees reasonably believe or suspect to contain Hazardous Waste unlawfully disposed of or released in reportable quantities in District, including on, in, under or about District property, including streets, easements, rights of way and District waste containers, Contractor shall immediately notify District of the same. If Contractor discovers Hazardous Waste, or other material that may not be legally accepted, among materials that it has inadvertently accepted, Contractor may either return such materials to the applicable Waste Generator or dispose of such waste at its own expense and pursue all legal rights and remedies it may have against the Waste Generator(s) of such Hazardous Waste, if the Waste Generator(s) can be identified.

5.12 Disposal. Contractor shall ensure that the residual from the Recyclable Materials delivered to the Materials Recovery Facility by Contractor are disposed of at a permitted disposal site in full regulatory compliance. Monthly residue shall not exceed ten percent (10%) of the monthly Recyclable Materials delivered to the Materials Recovery Facility. If District directs Contractor to deliver Recyclable Materials to a third party facility for processing, then such third party facility shall be responsible for disposal of residual and the processing requirements as described above and District shall use its best efforts to enforce such requirements against the third party processor.

Upon payment of the delinquent fees as set forth in **Exhibit A**, Contractor shall resume collection on the next regularly scheduled collection day. Customers whose service is being withheld shall

nevertheless continue to be responsible for rates charged during the period in which service is withheld. Contractor shall be entitled to a reinstatement fee in an amount approved by District for reinstating service after such customers bills are brought current. Contractor may require that a resident or commercial business complete a credit/service agreement application prior to receiving service as a means of acknowledging the rules and guidelines for Solid Waste collection, and/or establishing credit. The fees levied for service by Contractor for Solid Waste collection shall constitute a civil debt and liability owing to District and/or Contractor from the person using or chargeable for such services and shall be collectible in any manner provided by law, including, without limitation, the reporting of delinquent payers to collection agencies or bureaus. District further agrees that if the charges for Solid Waste collection services are, on June 30 of each year, delinquent and unpaid for a period of ninety (90) days such charges shall become a lien on the real property for which the services were provided and the property owner shall be notified by District as provided for by District ordinances and resolutions.

A representative of Contractor shall be available during office hours to communicate with the public in person and directly by telephone.

The initial amount of the franchise fee shall be ten percent (10%) of Gross Revenues Collected.

7.1.2 Contractor shall pay a late charge of five percent (5%) per month on all franchise fees that are not paid within thirty (30) days of the date due. The parties agree that such late charges represent a fair estimate of District's added administrative expenses caused by such delinquent payments.

7.1.3 The franchise fee is a pass through expense for purposes of this Agreement, and as such, if District changes the franchise fee, Contractor's rates under this Agreement shall be adjusted accordingly, subject to all applicable laws and regulations. The franchise fee shall be included in the rates charged by Contractor and shall not be separately itemized on bills to Contractor's customers.

7.2 AB 939 Fee. If requested by District, Contractor shall pay an AB 939 fee, to be specified annually by District. In addition, if the San Luis Obispo County Integrated Waste Management Authority (the "IWMA") implements an AB 939 fee, Contractor shall pay that fee directly to the IWMA. All AB 939 fees paid to District or the IWMA shall be considered a pass through cost for purposes of rate setting, and as such if District or the IWMA changes these fees, Contractor's rates shall be adjusted accordingly subject to all applicable laws and regulations.

7.3 Business License Tax. Contractor shall pay any and all annual business license taxes as may be required by the State of California, any county located therein, or District, and shall obtain and pay for any and all other applicable licenses or permits required by state or federal law to operate a Solid Waste collection business.

This payment shall not be included as a pass through cost for the purpose of rate setting and shall be adjusted annually by the same percent increase to the rates granted by District.

7.6 Review of Fee Payments. District, or its agent, reserves the right to annually perform an independent review of fee payments at its own expense, to verify that fees are being paid in accordance with Agreement.

ARTICLE 8 CONTRACTOR’S COMPENSATION AND RATES

8.1 General.

8.1.1 Contractor’s compensation provided for in this Article shall be the full, entire and complete compensation due to Contractor pursuant to this Agreement for all labor, equipment, materials and supplies, taxes, insurance, bonds, overhead, transfer and transport, processing, division, disposal, profit and all other things necessary to perform all the services required by this Agreement in the manner and at the times prescribed, Contractor will not be entitled to any further rate adjustments as a result of customer delinquencies and other bad debt issues.

8.1.2 Contractor does not look to District for payment of any sums under this Agreement in consideration of the right to charge and collect from customers for services rendered at rates fixed by District from time-to-time. District shall have the right to structure those rates as it deems appropriate so long as the revenues forecasted to be received by Contractor from charging such rates can reasonably be expected to generate sufficient revenues to provide for Contractor’s compensation as calculated in accordance with the “City of San Luis Obispo Rate Setting Process and Methodology Manual for Integrated Solid Waste Management Rates” dated June 1994.

8.2 Collection Rates. Service rates are those established by Resolution adopted by the Board. Contractor shall provide the services required by this Agreement and charge no more than the rates authorized by District Resolution.

In addition to the procedures contained in the above referenced manual, Contractor shall submit any and all data requested by and in the format prescribed by

District. Upon a proper application submission by Contractor pursuant to this Section, District shall authorize a revision of rates as provided for in the above referenced manual. In the event Contractor shall fail to meet the schedule set forth in the above referenced manual, a revision of rates for the following year shall not be authorized until the 1st day of the first calendar month following a one hundred twenty (120)-day period from the date that the complete application is submitted and such revision shall contain no consideration for Contractor's failure to submit the application in accordance with the schedule set forth in the above-referenced manual.

If, at any time during the term of this Agreement, Contractor requests and is granted a rate increase by District that, when the new rate is compared to the rate at the Effective Date, exceeds the cumulative cost of living increase from the Effective Date, District shall have the option of terminating this Agreement. The cumulative cost of living increase from the Effective Date shall be calculated in accordance with the "City of San Luis Obispo Rate Setting Process and Methodology Manual for Integrated Solid Waste Management Rates" dated June 1994. Such option shall be available for a period of nine (9) months following the granting of the rate increase.

8.3.2 When calculating the change in the rate, costs resulting from Article 7 (Payments to District), Section 4.5 (District Request to Direct Changes), Section 5.10 (Solid Waste and Recycling Service in Public Areas) and new regulatory costs will not be included. However, any increase resulting from an increase in the pass through costs associated with the processing and/or disposal of Solid Waste and Recyclable Material including Greenwaste are included in the rate change calculation.

8.4 Special Interim Rate Review. District or Contractor may request an extraordinary or consequential adjustment outside of the base year and interim year adjustment schedules, as set forth in the "City of San Luis Obispo Rate Setting Process and Methodology Manual for Integrated Solid Waste Management Rates," dated June 1994. To be extraordinary and consequential, cost changes must be significant enough to require a greater than five percent (5%) decrease or increase in monthly rates for basic residential service.

8.5 Allowable Profit. When performing the procedures described in the "City of San Luis Obispo Rate Setting Process and Methodology Manual for Integrated Solid Waste Management Rates," dated June 1994, the allowable profit on expenses shall be calculated using targeted operating ratio of ninety-two percent (92%), with a range of ninety percent (90%) to ninety-four percent (94%), applied to Contractor's reasonable and necessary allowable costs, as these costs are defined in the rate setting manual, incurred in the performance of its obligations under this Agreement.

10.2 Insurance.

10.2.1 During the term of this Agreement, Contractor shall carry insurance in accordance with this Article and such other insurance as required by law. Lack of insurance or inadequate insurance do not negate Contractor's obligations under this Agreement. Contractor agrees that in the event of loss due to any of the perils for which it has agreed to provide insurance, Contractor shall look solely to its insurance for recovery, except where caused by the negligent or willful acts or omissions of District. Contractor hereby grants to District, on behalf of any insurer providing insurance to either Contractor or District with respect to the services (occupancy of premises) of Contractor under this Agreement, a waiver of any right to subrogation which any such insurer of said Contractor may acquire against District by virtue of the payment of any loss under such insurance.

10.2.2 Insurance shall be secured and approved by the District Counsel prior to commencement of work according to this Agreement.

10.2.3 Maintenance of proper insurance coverage is a material element of this Agreement and failure to maintain or renew coverage or to provide evidence of coverage and/or renewal may be treated by District as a material breach of Agreement.

10.2.4 Minimum Scope of Insurance. Insurance coverage shall be at least as broad as:

(A) Insurance Services Office Commercial Liability coverage (occurrence form CG 0001).

(B) Insurance Services Office form number CA 0001 (Ed. 1/87) covering Automobile Liability, code 1 (any auto).

(C) Workers' Compensation insurance as required by the State of California and Employer's Liability insurance.

(D) Pollution Legal Liability provided by Cold Canyon Landfill with District named as an additional insured.

10.2.5 Minimum Limits of Insurance. Contractor shall maintain limits no less than:

(A) Commercial or Comprehensive General Liability: Five Million Dollars (\$5,000,000) combined single limit per occurrence for bodily injury, personal injury, and property damage. If Commercial General Liability or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this Agreement or the general aggregate limit shall be twice the required occurrence limit. Commercial Liability policy shall contain no pollution exclusion of any description unless Contractor provides for pollution insurance coverage in an amount equal to or greater than Commercial Liability policy or coverage is included under the Automobile Liability Policy.

(B) Automobile Liability: Five Million Dollars (\$5,000,000) combined single limit per occurrence for bodily injury and property damage and accidental spills and discharges while transporting and/or processing materials.

(C) Workers' Compensation and Employers' Liability: Workers' compensation limits as required by the Labor Code of the State of California and employers liability with limits of One Million Dollars (\$1,000,000) per occurrence for bodily injury or disease.

(D) Pollution Liabilities: One Hundred Thousand Dollars (\$100,000). Cold Canyon Landfill policy with District named as an additional insured.

10.2.6 Other Insurance Provisions. The general liability and automobile liability policies are to contain, or be endorsed to contain, the following provisions:

(A) District, Board members, its officers, officials, employees and agents are to be covered as insureds as respects: liability arising out of activities performed by or on behalf of Contractor; products and completed operations of Contractor; premises owned, occupied or used by Contractor; or automobiles owned, leased, hired or borrowed by Contractor. The coverage shall contain no special limitations on the scope of protection afforded to District, its officers, officials, employees or agents.

(B) For any claims related to the services provided under this Agreement, Contractor's insurance coverage shall be primary insurance as respects District, Board members, its officers, officials, employees and agents. Any insurance or self-insurance maintained by

District, its officers, officials, employees or agents shall be excess of Contractor's insurance and shall not contribute with it.

(C) Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought except with respect to the limits of the insurer's liability.

(D) Contractor agrees to provide District with thirty (30) days prior written notice by certified mail, return receipt required, before any insurance policy required by this Section shall be suspended, voided, canceled, or reduced in coverage or in limits.

(E) Coverage shall not extend to any indemnity coverage for the negligent or willful acts or omissions of the additional insured in any case where an agreement to indemnify the additional insured would be invalid under Subdivision (b) of Section 2782 of the Civil Code.

10.2.7 Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A-:VI. Insurers selected by Contractor shall be licensed to issue the specific line of required insurance in the State of California.

10.2.8 Verification of Coverage. Contractor shall furnish District with copies of required insurance certificates or endorsements effecting coverage required herein. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf.

10.2.9 Subcontractors. Contractor shall include all subcontractors as insureds under its policies or shall furnish copies of required insurance policies and endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

10.2.10 Occurrence Based Coverage. All policies, except the Pollution Legal Liability policy, secured by Contractor shall be occurrence and not claims based unless District so consents in writing.

10.3 Performance Bond. Contractor shall provide and maintain at all times a valid Contractor's Performance and Payment Bond or bonds, letter of credit or other similar instrument reasonably acceptable to and approved in writing by District in the amount of Eighty Thousand Dollars (\$80,000). The bond, letter of credit or other similar instrument shall be issued for a period of not less than one (1) year, and Contractor shall provide a new bond, letter of credit or similar instrument, and evidence reasonably satisfactory to District of its renewability, no less than thirty (30) calendar days prior to the expiration of the bond, letter of credit or other similar instrument then in effect. District shall be notified in writing of any cancellation by the issuer of the bond at least thirty (30) days prior to such cancellation.

ARTICLE 11 DISTRICT'S RIGHT TO PERFORM SERVICE

11.1 Emergency Collection. Should Contractor, for any reason whatsoever, except the occurrence or existence of any Force Majeure events or conditions, refuse or be unable to collect, transport and dispose of any or all the Solid Waste which it is obligated under this Agreement to collect, transport and dispose of for a period of more than seventy-two (72) hours and if, as a result thereof, Solid Waste should accumulate in District to such an extent, in such a manner, or for such a time that District's General Manager in the exercise of his sole discretion, should find that such accumulation endangers or menaces the public health, safety or welfare, then in such event District shall have the right, upon twenty-four (24) hour prior written notice to Contractor, during the period of such emergency, to contract on a temporary basis with third parties to collect and transport any and all Solid Waste which Contractor would otherwise be obligated to collect and transport pursuant to this Agreement until the events or conditions of Force Majeure have ended.

11.2 Contractor to Cooperate. Contractor agrees that in such event it will fully cooperate with District and its third-party contractor to effect such a transfer of operations in as smooth and efficient a fashion as is practicable.

11.3 Contractor to Pay Increased Costs. All reasonable costs, fees, rates and other expenses incurred by District and/or its third-party contractor that exceed those in effect or being incurred or which would have been incurred had no such emergency arisen shall be the responsibility of Contractor and shall be paid to District within ninety (90) days of Contractor's receipt of written notice to so pay or may be paid to District out of Performance Bond funds.

ARTICLE 12 DEFAULT, REMEDIES AND LIQUIDATED DAMAGES

12.1 Events of Default. All provisions of this Agreement to be performed by Contractor are considered material. Each of the following shall constitute an event of default.

12.1.1 Fraud or Deceit. If Contractor practices, or attempts to practice, any fraud or deceit upon District or any customers Contractor provides services for under this Agreement.

12.1.2 Insolvency or Bankruptcy. If Contractor becomes insolvent, unable, or unwilling to pay its debts when due, or upon listing of an order for relief in favor of Contractor in a bankruptcy proceeding. Contractor is also in default if there is an assignment for the benefit of its creditors.

12.1.3 Failure to Maintain Coverage. If Contractor fails to provide or maintain in full force and effect the Workers' Compensation, liability, indemnification coverage or any insurance coverage or bond required under this Agreement.

12.1.4 Violations of Regulation. If Contractor facilities fall out of full regulatory compliance or if Contractor violates any orders or filings of any regulatory body having

()
jurisdiction over Contractor relative to this Agreement, provided that Contractor may contest any such orders or filings by appropriate proceedings conducted in good faith, in which case no breach of this Agreement shall be deemed to have occurred.

12.1.5 Failure to Perform. If Contractor ceases to provide Solid Waste, Recycling or Greenwaste services as required under this Agreement for a period of two (2) days or more, for any reason within the control of Contractor.

12.1.6 Failure to Pay/Report. If Contractor fails to make any timely payments, including liquidated damages and penalties, required under this Agreement and/or fails to provide District with required information, reports, and/or records in a timely manner as provided for in this Agreement.

12.1.7 Acts or Omissions. Any other act or omission by Contractor which violates the terms, conditions, or requirements of this Agreement, the California Integrated Waste Management Act of 1989, as it may be amended from time to time, or any order, directive, rule, or regulation issued thereunder and which is not corrected or remedied within the time set in the written notice of the violation or, if Contractor cannot reasonably correct or remedy the breach within the time set forth in such notice, if Contractor should fail to commence to correct or remedy such violation within the time set forth in such notice and diligently effect such correction or remedy thereafter.

12.1.8 False or Misleading Statements. Any representation or disclosure made to District by Contractor in connection with or as an inducement to entering into this Agreement, or any future amendment to this Agreement, which proves to be false or misleading in any material respect as of the time such representation or disclosure is made, whether or not any such representation or disclosure appears as part of this Agreement.

12.1.9 Attachment. Seizure of attachment of, or levy on, the operating equipment of Contractor, including without limits its equipment, maintenance or office facilities, or any part thereof.

12.1.10 Suspension or Termination of Service. Any termination or suspension of the transaction of business by Contractor, including without limit, due to labor unrest including strike, work stoppage or slowdown, sickout, picketing, or other concerted job action, lasting more than two business days, unless caused by a Force Majeure event or condition.

Upon default by Contractor, the General Manager or his/her designee shall provide written notice to Contractor of the violation. The General Manager or his/her designee shall include in the notice, a demand that Contractor correct the violation. Contractor shall thereafter have thirty (30) days to cure the violation, or if the violation cannot be cured within such timeframe, Contractor shall have commenced to cure said violation in a manner that is acceptable to District, in its reasonable discretion. For purposes of this Agreement and any notice required thereunder, the term "days" means calendar days.

12.2 Right to Terminate Upon Default.

12.2.1 Upon a default by Contractor, and Contractor's failure to cure, District shall have the right to terminate this Agreement upon one (1) day notice if the public health or safety is threatened, or otherwise twenty (20) days notice, following a hearing by the Board. This right of termination is in addition to any other rights of District upon a failure of Contractor to perform its obligations under this Agreement.

12.2.2 District's right to terminate this Agreement and to take possession of Contractor's equipment and facilities are not exclusive, and District's termination of this Agreement shall not constitute an election of remedies. Instead, they shall be in addition to any and all other legal and equitable rights and remedies that District may have.

12.2.3 By virtue of the nature of this Agreement, the urgency of timely, continuous and high-quality service, the lead time required to effect alternative service, and the rights granted by District to Contractor, the remedy of damages for a breach hereof by Contractor is inadequate and District shall be entitled to injunctive relief.

12.2.4 Should Contractor at any time, contend that District has breached any material provision of this Agreement, Contractor shall immediately notify District in writing of Contractor's contention. District shall have a reasonable time to cure any such alleged breach, which in all events shall not be less than ninety (90) days or any such longer period as reasonably needed to cure said breach. If District fails to cure the breach within such time, Contractor may terminate this Agreement.

12.3 Liquidated Damages.

12.3.1 General. District finds, and Contractor agrees, that as of the time of the execution of this Agreement, it is impractical, if not impossible, to reasonably ascertain the extent of damages which shall be incurred by District as a result of a breach by Contractor of its obligations under this Agreement.

12.3.2 Service Performance Standards; Liquidated Damages for Failure to Meet Standards. The parties acknowledge that consistent, reliable Solid Waste, Recycling and Greenwaste service is of utmost importance to District and that District has considered and relied on Contractor's representations as to its quality of service commitment in awarding this Agreement to it. The parties further recognize that some quantified standards of performance are necessary and appropriate to ensure consistent and reliable service and performance. The parties further recognize that if Contractor fails to achieve the performance standards, comply with complaint resolution criteria, or fails to submit required documents in a timely manner, District and its residents will suffer damages and that it is and will be impractical and extremely difficult to ascertain and determine the exact amount of damages that District will suffer. Therefore, without prejudice to District's right to treat such non-performance as an event of default under this Article 12, the parties agree that the following liquidated damage amounts represent a reasonable estimate of the amount of such damages considering all of the circumstances existing on the date of this Agreement, including the relationship of the sums to the range of harm to

District that reasonably could be anticipated and the anticipation that proof of actual damages would be costly or inconvenient. Recognizing the importance of resolving any failure to meet the service performance standard, District shall contact Contractor within two (2) days of any failing reported directly to District. In addition, Contractor agrees to meet with the General Manager within two (2) days of a requested meeting to discuss Contractor's performance.

12.3.3 Contractor agrees to pay (as liquidated damages and not as a penalty) the amounts set forth below:

Collection Reliability and Quality

For each failure over five (5) annually to commence service to a new customer account within seven (7) days after order:	\$150.00
For each failure over twenty-four (24) annually to Collect Solid Waste, Recyclables or Greenwaste, which as been properly set out for Collection, from an established customer account on the scheduled Collection day and not collected within 24 hours after notice of missed pick-up:	\$150.00
For each failure to Collect Solid Waste, Recyclables or Greenwaste, which have been properly set out for Collection, from the same customer on two (2) consecutive scheduled pickup days:	\$150.00
For each occurrence over five (5) annually of damage to private property:	\$250.00
For each occurrence over ten (10) annually of discourteous behavior: ...	\$250.00
For each failure over ten (10) annually to clean up Solid Waste, Recyclables or Greenwaste spilled from Containers:	\$150.00
For each occurrence over five (5) annually of Collecting Solid Waste, Recyclables or Greenwaste, during unauthorized hours:	\$250.00
For each failure to respond to a customer complaint within twenty-four (24) working hours:	\$100.00

Timeliness of Report Submissions to District

Any report shall be considered late until such time as District receives a correct and complete report. For each calendar day a report is late, the daily assessment shall be:

Monthly Reports:	For each infraction	\$25 per day
------------------	---------------------	--------------

Annual Reports:	For each infraction	\$50 per day
-----------------	---------------------	--------------

Liquidated damages will only be assessed after Contractor has been given the opportunity but failed to rectify the damages, as described in this Agreement (e.g., twenty-four (24) working hours to respond to a complaint). District may determine the occurrence of events giving rise to liquidated damages through the observation of its own employees or representative or investigation of customer complaints.

Prior to assessing liquidated damages, District shall give Contractor written notice of its intention to do so. The notice will include a brief description of the incident(s)/non-performance. Contractor may review (and make copies at its own expense) all information in the possession of District relating to incident(s)/non-performance. Contractor may, within ten (10) days after receiving the notice, request a meeting with District. If a meeting is requested, it shall be held by the General Manager or his/her designee. Contractor may present evidence in writing and through testimony of its employees and others relevant to the incident(s)/non-performance. The General Manager or designee will provide Contractor with a written explanation of his or her determination on each incident(s)/non-performance prior to authorizing the assessment of liquidated damages. The decision of the General Manager or his/her designee shall be final.

12.3.4 Amount. The General Manager or his/her designee may assess liquidated damages for each calendar day or event, as appropriate, that Contractor is determined to be liable in accordance with this Agreement.

12.3.5 Timing of Payment. Contractor shall pay any liquidated damages assessed by District within thirty (30) days after they are assessed. If they are not paid within the thirty (30) day period, District may proceed against the security required by this Agreement or order the termination of this Agreement, or both.

12.4 Force Majeure

12.4.1 The parties shall be excused from performing their respective obligations hereunder in the event they are prevented from so performing for reasons outside the reasonable control of the party claiming excuse from performance hereunder, including but not limited to: riots, wars, sabotage, civil disturbances, acts of terrorism, insurrection, explosion, natural disasters such as floods, earthquakes, landslides and fires, strikes, lockouts and other labor disturbances, excessive snow, acts of God, unavailability of third party disposal or processing facilities designated by District, or other similar or dissimilar events which are beyond the

()
reasonable control of and not the fault of the party claiming excuse from performance hereunder ("Force Majeure").

12.4.2 The party claiming excuse from performance shall, within two (2) days after such party has notice of such cause, give the other party notice of the facts constituting such cause and asserting its claim to excuse under this Article.

12.4.3 The interruption or discontinuance of Contractor's services caused by one or more of the events excused shall not constitute a default by Contractor under this Agreement. Notwithstanding the foregoing, however, if Contractor is excused from performing its obligations hereunder for any of the causes listed in this Article for a period of thirty (30) days or more, District shall have the right to review the circumstances under which the excuse from performance was granted. After such review, if District determines the excuse from service is no longer valid, District shall notify Contractor in writing to resume service within two (2) days from the receipt of such notification. If Contractor fails to resume service within the two (2) days, District shall have the right to terminate this Agreement by giving ten (10) days notice, in which case the provisions of Article 11 (District's Right to Perform Services) and this Article 12 shall apply.

12.5 Financial Material Errors, Omissions or Irregularities

District may review, test and audit the books and records of Contractor for the purpose of determining whether Contractor is complying with the terms of this Agreement. In the event that material errors or omissions or irregularities are identified, then the cost associated with the audit, test or review shall be paid by Contractor to District. In the case of financial errors, materiality shall be deemed to be two percent (2%) or greater of the gross revenues of Contractor from activities performed under this agreement. Recovery of any overpayment will be negotiated on a case by case basis, either immediately or through the next rate setting evaluation.

ARTICLE 13 OTHER AGREEMENTS OF THE PARTIES

13.1 Relationship of Parties. The parties intend that Contractor shall perform the services required by this Agreement as an independent Contractor engaged by District and not as an officer or employee of District nor as a partner of or joint venture with District. No employee or agent of Contractor shall be or shall be deemed to be an employee or agent of District. Except as expressly provided herein, Contractor shall have the exclusive control over the manner and means of conducting the Recycling services performed under this Agreement, and all Persons performing such services. Contractor shall be solely responsible for the acts and omissions of its officers, employees, subcontractors and agents. Neither Contractor nor its officers, employees, subcontractors and agents shall obtain any rights to retirement benefits, workers compensation benefits, or any other benefits which accrue to District employees by virtue of their employment with District.

13.2 Compliance with law. In providing the services required under this Agreement, Contractor shall at all times, at its sole cost, comply with all applicable laws of the United States,

the State of California, District, and with all applicable regulations promulgated by federal, state, regional or local administrative and regulatory agencies, now in force and as they may be enacted, issued or amended during the Term.

13.3 Governing Law. This Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State of California.

13.4 Jurisdiction; Attorneys Fees. Any lawsuits between the parties arising out of this Agreement shall be brought and concluded in the courts of the State of California, which shall have exclusive jurisdiction over such lawsuits. Venue of any such lawsuits shall be in San Luis Obispo County. The prevailing party in any litigation arising out of this Agreement shall be entitled to recover reasonable attorneys fees and costs.

13.5 Assignment.

13.5.1 Except as may be provided for in Article 11 (District's Right to Perform Service), neither party shall assign its rights, nor delegate, subcontract or otherwise transfer its obligations under this Agreement to any other Person without the prior written consent of the other party. Any such assignment made without the consent of the other party shall be void and the attempted assignment shall constitute a material breach of this Agreement. Contractor shall consent to any assignment to a joint powers authority, or any similar public entity assignee of District. In addition, Contractor may assign this Agreement without consent to another corporate Affiliate of Contractor or Waste Connections, Inc., provided such entity has assets that are equal or greater in value to those of Contractor.

13.5.2 For purposes of this Article, when used in reference to Contractor, "assignment" shall include, but not be limited to: (A) a sale, exchange or other transfer of at least fifty-one percent (51%) all of Contractor's assets dedicated to service under this Agreement to a third party; (B) a sale, exchange or other transfer of outstanding common stock of Contractor to a third party provided said sale, exchange or transfer may result in a change of control of Contractor; (C) any dissolution, reorganization, consolidation, merger, re-capitalization, stock issuance or re-issuance, voting trust, pooling agreement, escrow arrangement, liquidation or other transaction to which results in a change of ownership or control of Contractor; (D) any assignment by operation of law, including insolvency or bankruptcy, making assignment for the benefit of creditors, writ of attachment for an execution being levied against this Agreement, appointment of a receiver taking possession of Contractor's property, or transfer occurring in the event of a probate proceeding; and any combination of the foregoing (whether or not in related or contemporaneous transactions) which has the effect of any such transfer or change of ownership, or change of control of Contractor.

13.5.3 Contractor acknowledges that this Agreement involves rendering a vital service to District's residents and businesses, and that District has selected Contractor to perform the services specified herein based on: (A) Contractor's experience, skill and reputation for conducting its Solid Waste management operations in a safe, effective and responsible fashion, at all times in keeping with applicable Environmental Laws, regulations and best waste

management practices, and (B) Contractor's financial resources to maintain the required equipment and to support its indemnity obligations to District under this Agreement. District has relied on each of these factors, among others, in choosing Contractor to perform the services to be rendered by Contractor under this Agreement.

13.5.4 If Contractor requests District's consideration of and consent to an assignment, District may deny or approve such request at its complete discretion. District is concerned about the possibility that assignment could result in significant rate increases, as well as a change in the quality of service. Accordingly, the following standards have been set to ensure that assignment will result in continued quality service. In addition, District reserves the right to solicit competitive bids for these services if the assignment results in a request by the assignee for rate increases that are higher than the inflationary index and do not reflect value changes in service standards. At a minimum, no request by Contractor for consent to an assignment need be considered by District unless and until Contractor has met the following requirements:

(A) Contractor shall undertake to pay District its reasonable expenses for attorney's fees and investigation costs necessary to investigate the suitability of any proposed assignee, and to review and finalize any documentation required as a condition for approving any such assignment;

(B) Contractor shall furnish District with audited financial statements of the proposed assignee's operations for the immediately preceding three (3) operating years;

(C) Contractor shall furnish District with satisfactory proof: (1) that the proposed assignee has at least five (5) years of Recyclable Material management experience on a scale equal to or exceeding the scale of operations conducted by Contractor under this Agreement; (2) that in the last five (5) years, the proposed assignee has not suffered any significant citations or other censure from any federal, state or local agency having jurisdiction over its Solid Waste management operations due to any significant failure to comply with state, federal or local Environmental Laws and that the assignee has provided District with a complete list of such citations and censures; (3) that the proposed assignee has at all times conducted its operations in an environmentally safe and conscientious fashion; (4) that the proposed assignee conducts its Solid Waste management practices in accordance with sound waste management practices in full compliance with all federal, state and local laws regulating the Collection, transportation, processing, marketing and disposal of Solid Waste including Hazardous Wastes; (5) that the proposed assignee, and any its officers, directors or employees have not been convicted of: (a) fraud or criminal offense in connection with obtaining, attempting to obtain, procuring or performing a public or private agreement related to Recyclables or Solid Waste services of any kind (including collection, hauling, transfer, processing, composting or disposal), including this Agreement or any amendment thereto; (b) bribery or attempting to bribe a public officer or employee of a local, state, or federal agency in that officer or director's of Contractor's employee's official capacity; (c) embezzlement, extortion, racketeering, false claims, false statements, forgery, falsification or destruction of records, obstruction of justice, knowingly receiving stolen property, theft, or misprision (failure to disclose) of a felony; or (d) unlawful disposal of hazardous or designated waste the occurrence of which Contractor knows or should

()
have known; and (6) of any other information required by District to ensure the proposed assignee can fulfill the Terms of this Agreement in a timely safe and effective manner.

13.6 Subcontracting. Except as approved in writing by District, Contractor shall not enter into an agreement to have another Person perform Contractor's duties of this Agreement. Contractor shall undertake to pay District its reasonable expenses for attorney's fees and investigation costs necessary to investigate the suitability of any proposed subcontractor, and to review and finalize any documentation required as a condition for approving any such subcontracting agreement.

13.7 Binding on Assigns. The provisions of this Agreement shall inure to the benefit to and be binding on the permitted assigns of the parties.

13.8 Transition to Next Contractor. If the transition of services to another Contractor occurs through expiration of term, default and termination, or otherwise, Contractor will cooperate with District and subsequent Contractor(s) to assist in an orderly transition which will include Contractor providing route lists and billing information. Contractor will not be obliged to sell Collection vehicles or Containers to the next Contractor. Depending on Contractor's circumstances at the point of transition, Contractor at its option may enter into negotiations with the next Contractor to sell (in part or all) Collection vehicles and/or containers.

13.9 Parties in Interest. Nothing in this Agreement, whether express or implied, is intended to confer any rights on any persons other than the parties to it and their representatives, successors and permitted assigns.

13.10 Waiver. The waiver by either party of any breach or violation of any provisions of this Agreement shall not be deemed to be a waiver of any breach or violation of any other provision nor of any subsequent breach or violation of the same or any other provision. The subsequent acceptance by either party of any monies that become due hereunder shall not be deemed to be a waiver of any pre-existing or concurrent breach or violation by the other party of any provision of this Agreement.

13.11 Contractor's Investigation. Contractor has relied on its own investigations, and not on any representations of District or its agents of the conditions and circumstances surrounding this Agreement and the work to be performed by it.

13.12 Notice. All notices, demands, requests, proposals, approvals, consents and other communications which this Agreement requires, authorizes or contemplates shall be in writing and shall either be personally delivered to a representative of the parties at the address below or be deposited in the United States mail, first class postage prepaid, addressed as follows:

The Board may delegate, in writing, authority to the General Manager or his/her designee, the District Counsel, and/or to other District employees and may permit such employees, in turn, to delegate in writing some or all of such authority to subordinate employees. Contractor may rely upon actions taken by such delegates if they are within the scope of the authority properly delegated to them.

13.13.2 Contractor shall, by the Effective Date, designate in writing a responsible employee who shall serve as the representative of Contractor in all matters related to this Agreement and shall inform District in writing of such designation and of any limitations upon his or her authority to bind Contractor. District may rely upon action taken by such designated representative as actions of Contractor unless they are outside the scope of the authority delegated to him/her by Contractor as communicated to District.

13.14 District Free to Negotiate with Third Parties. District may investigate all options for the Collection, processing and marketing of Recyclable Materials after the expiration of the Term. Without limiting generality of the foregoing, District may solicit proposals from Contractor and from third parties for the provision of Solid Waste and Recycling services, and any combination thereof, and may negotiate and execute Agreements for such services that will take effect upon the expiration or earlier termination under Section 12.1 (Events of Default) of this Agreement.
